movement is a digression from the main current. We compare modern passage:ĉĀĀ No, when the fight begins within himself. A man's worth something. And in one of the finest poems of the age (a poem which could not have been written in any other age), the "Exequy" of Bishop King, the extended comparison is used with perfect success: the idea and the simile become one, in the passage in which the Bishop illustrates his impatience to see his dead wife, under the figure of a journey:ĉĀĀ Stay for me there; I will not fail!e To meet thee in that hollow Vale. Furthermore, it is absent from the work of Wordsworth, Shelley, and Keats, on whose poetry nineteenth-century criticism has unconsciously been based. It will hardly be denied that this poem contains wit; but it may not be evident that this wit forms the crescendo and diminishing of a scale of great imaginative power. * You provide, in accordance with paragraph 1.F.3, a full refund of any money paid for a work or a replacement copy, if a defect in the electronic work is discovered and reported to you within 90 days of receipt of the work. We are baffled in the attempt to translate the quality indicated by the dim and antiquated term wit into the equally unsatisfactory nomenclature of our own time. But in the latter part of the poem Morris divaricates widely:ĉĀĀ Yet tottering as I am, and : : gnitubirtsid dna gniypoc ot yppa .esnecl siht fo trap esU fo smreT lareneG eht ni htrof tes ,selur laicepS OT ;ecalp yppah taht ot ecnartne nA htaed fo swaj eht nihtw kees oT htaerb elttii a tfel l'm evah llit
